## PERMANENT PASTOR FOR ST. MARK'S MAY BE APPOINTED BY JULY FIRST

Rev. Percival S. Smith, missionary clergyman of the Episcopal church of Nevada, visited Tonopah yesterday evening, and conducted services at St. Mark's church, having preached at St. John's, Goldfield, in the morning.

In lieu of delivering the customary sermon, Mr. Smith made a brief report of the proceedings in connection with the convocation held in Elko, on May 13th and 14th. All the clergymen of the church comprised within the state, numbering nine in all, including Bishop G. C. Huntington, were present. The keynote of the convocation was "Confidence." The rector in commenting upon this important gathering of the Nevada clergy remarked that, he was satisfied much practical good had been accomplished in furtherance of church work throughout the state. Mr. Smith also read the most interesting portions of the bishop's address delivered on that occasion, excerpts of which were as follows: "The bishop gave a synopsis of his work in Nevada since his consecration. He referred to the erection of a bishop's residence in Reno, which was filling a much needed want. He also spoke at length upon

At both masses yesterday, Father Diss surprised the attendants by telling them of a happy event in the history of the church by which he had established a bank account in the name of the congregation from surplus funds remaining after paying all debts. The pastor stated that the account now showed a balance of nearly \$500 without taking into account the receipts of the young ladies dance held last Wednesday.

This is the first time the congregation has had a bank account.

## Gagadig Gigadab.

There was a quaint old man in Manchester, England, who for many years went by the unique name of Gagadig Gigadab. His original name was John Smith, and for many years he brooded over the possibilities of mistaken identity involved in it. The name figured frequently in criminal records, and he became abnormally apprehensive lest he might be confused with some of the bad John Smiths. At last what he feared so much actually happened. One morning the papers reported the arrest of an accountant in a bank for embezzlement, and through some blunder of the reporter the identity of the embezzler was confused with the subject of this article, who was also a bank accountant. Then and there he determined to assume a name like unto no other ever borne by mortal man. And in Gagadig Gigadab most people will agree that he succeeded in so doing.

this Episcopal clergymen's national pension fund, the aggregate sum to be collected for this purpose to amount to \$5,000,000, and stated that over \$2,000,000 had already been subscribed. A committee will be appointed by the bishop to collect funds for this laudable object in the early future. He also made reference to the importance of missionary work in connection with the church; and the good that was being accomplished amongst the Indians of the state. He indulged the hope that a prohibition law would be placed upon the statute book, and that the divorce laws would also be amended. As far as the church is concerned, the greatest need in Nevada today, is more clergymen. In closing his address, the bishop thanked the officers of the convocation and the clergy generally for their loyal support, and firmly believed that a brighter outlook was in store for the church throughout the state.

Mr. Smith stated he had been advised by the bishop that a clergymen would be appointed to take charge of St. Mark's parish, on or about July 1st. In the meantime he will conduct services as he has been doing in the past.

there to be extracted from its ore of a millions tons or more and what that represents in the aggregate. Even a pessimist would emerge from the lower world of nether earth after witnessing such a sight as one beholds in the Candelaria and leave behind his former sullen and cold attitude.

## WHAT HAS BECOME OF NIMROD URIE?

## HUMBOLDT COUNTY MURDERER ALLEGED TO HAVE ESCAPED SENTENCE

There is considerable inquiry going on over the state regarding the present whereabouts of Nimrod Urie, convicted in the district court here several years ago of the murder of Quilici at Imlay, sentenced to be hanged, but afterwards commuted to life imprisonment. It is alleged that several days ago, Warden Dickerson of the state penitentiary left for Redding, California, to bring back a convict who had violated his parole, taking Urie along as chauffeur. It is stated that the car broke down and that Warden Dickerson returned to the prison with the man he went after, leaving Urie in California in charge of the auto. Whether Urie has returned to the prison or not is not known at this time.

It is said that Urie had a petition for parole ready to present at a recent meeting of the pardon board, but that such a protest went up from Humboldt county that he concluded not to press the matter at that time.

The people of this county intend to see that Urie is punished for his fiendish crime, and if he is not put behind the wall and kept there at hard labor, an effort will be made to have him tried here on the indictment charging him with the murder of Mrs. Quilici—Silver State.
